To Whom It May Concern

**RE. MRS AISHA BARBARA FARINA**

It is our pleasure to provide this letter of reference for Mrs Farina.

Miss Farina was employed as the Head of Social Studies Department at the International Islamic Online Home School - IIOHS, a branch of the Islamic Online University, from 2016 until 2017. She worked on a voluntarily basis, while she was completing her Degree in Islamic Studies, at the same University.

Her duties included translating a variety of educational texts from French, Italian and Arabic into English, preparing these for publication as well as proof-reading them. Miss Farina demonstrated to be a very hard-working and self-motivated professional. The accuracy of her translations and the ability to work under pressure and to meet deadlines deserve a special mentioning.

I can without hesitation recommend Miss Farina for any translating job or any position that requires in-depth knowledge of French, English, Arabic and Italian.

Should you have any queries or require further information, please do not hesitate to contact us at the above address.

Yours Sincerely,

Mrs Vicky Koolen
